

CONTENTS

| Chapter | Section | Heading of the chapter / section | Page |
|---------|---------|--------------------------------------------------------------------------------------------|------|
| | | Introduction | 7 |
| 1 | | Navigational Conditions and Risks of Entering Port Areas | 11 |
| | 1.1 | Navigational Support for Entering Ports | 11 |
| | 1.2 | Assessing Navigational Risk of Ships Entering Ports | 15 |
| | 1.3 | Ship Safety Zone in Case of a Limited Number of People on the Ship's Bridge | 45 |
| 2 | | Ships Entering Port Areas | 51 |
| | 2.1 | Main Navigation Requirements for Port Entrance Channels | 51 |
| | 2.2 | Navigational Conditions for Port Entrance Channels | 52 |
| | 2.3 | Influence of Ship Manoeuvrability on Planning Port Entrance Channels | 63 |
| | 2.4 | Investigation into the Width of Port Entrance Channels under Conditions of Strong Currents | 67 |
| | 2.5 | Study and Optimization of Navigational Channels | 74 |
| 3 | | Hydro meteorological Characteristics of the Sea and Port | 79 |

| | | |
|-----|----------------------------------------------------------------------------|-----|
| 4 | Sailing Ships and Safety Inside the Port | 91 |
| 4.1 | Assessing Navigational Risk of Ships in Port Areas | 91 |
| 4.2 | Analysis of New Navigation Systems in Ports | 93 |
| 4.3 | Ships Passing Through Straits | 101 |
| 4.4 | Limitations on Ship Steering in Shallow Water (Port Areas) | 114 |
| 4.5 | Variations in a Ship's Draft in Port Water Areas | 120 |
| 4.6 | Large Ships Entering Port Channels under Different Conditions | 127 |
| 4.7 | Ship Turning Basins for Large Vessels in Port Areas | 147 |
| 5 | Safety of Ships Moored at the Port | 168 |
| 5.1 | Action of Renewed Waves on Ships and Port Structures | 168 |
| 5.2 | Impact of External Forces on Ship Steering During Mooring Operations | 175 |
| 5.3 | Ship Safety in Open Ports | 180 |
| 5.4 | Ship Mooring under Complicated Conditions | 193 |
| 5.5 | Work Methods for Tugs in Ports | 197 |
| 6 | Single Point Mooring (SPM) | 207 |
| 6.1 | Safety of Tankers and SPM (Single Point Mooring) During Loading Operations | 207 |
| 6.2 | Navigational Safety in SPM (Single Point Mooring) Regions | 214 |
| 7 | Recommendations as Conclusions | 224 |
| | References | 230 |
| | List of symbols | 234 |
